medical catalog

can create any custom packaging solution. Let us help you brand your facility or hospital. Call for custom packaging solutions.

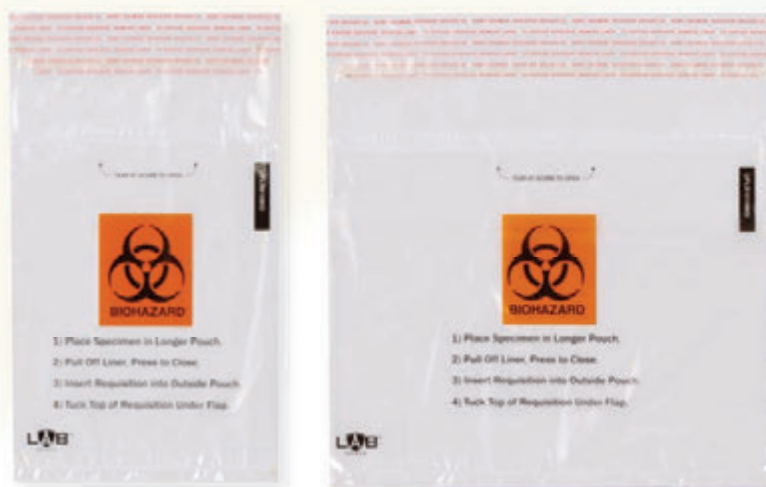

We manufacture a diverse line of bags for the healthcare industry, including: Hospitals, Labs, Ambulatory Centers, Nursing Homes, Day Surgery, Physician Offices, Dentist, Veterinarians, and Mortuaries. All of our products can be custom imprinted with hospital or laboratory names, logos, messages or special instructions. Our bags are 100% disposable, recyclable and many have unique features. Our products are sold through the finest medical supply companies. For more than 50 years, whenever new products have been introduced, Lab Shield has been in the forefront, combining quality and service with a unique ability to produce extraordinary solutions to most of today's healthcare needs. The products we've designed for the healthcare worker's safety, meet or exceed OSHA regulations and NCCLS standards. A number of them have been created at the request of healthcare workers who depend on them daily and require customized solutions. Yours may be one of the thousands of institutions now benefiting from our medical and laboratory products. If not, you're in for a rewarding relationship. You'll be joining a partnership that has proven successful for more than 50 years and has become standard in hospitals and laboratories around the world.
